## 8. TRAINING AND CAPACITY BUILDING

RDD & CSC use Train-the-Trainer model for application training to users from the HQ to the Gram Panchayat.

First level training is conducted for District Managers at a central location by Training Manager and Master Trainers.

These Master Trainers conduct next level training of all applications to Govt. Officers, Block Managers & Kendra Chalaks (KC) in a phased manner.

In order to keep their requisite technical knowledge up-to-date and also for ensuring constant familiarity of all applications, continuous training programs are provided to KCs through defined training calendar, which is tracked online.

To enhance the management skill set and team work amongst the project management team for supervising training workshops of the team, Personality & Emotional Intelligence Development Workshops has been conducted in the system.

To expedite the training process, e-Learning Management System is utilized, This ensures availability of learning content 24x7, thus supporting Continuous Training

Online PDF manuals and printed copy of the manuals is made available for continuous learning of KCs.

3 Orientation Programs for selected DMs and BMs have been held at YASHADA Pune till date.

### Method:

The choice of method for transferring and exchanging knowledge will depend on the audience and the message. However, it is also worth noting, that knowledge is most effectively exchanged when using multiple methods.

#### 1. Train the Trainer Method:

This method is very useful in transforming skills and knowledge. Skills/Knowledge exchange is preferable to knowledge transfer since a two-way flow of information can lead to an ongoing dialogue between knowledge producers and users and create learning opportunities for both groups.

#### 2. Grouping of ASSK Members

Grouping of people with common interests who interact regularly to share knowledge - is one interactive delivery method that effectively initiates and sustains collaboration among a diverse group of individuals.

#### Grouping of ASSK Team Members:

Project Manager  
SPMU and State Level Govt. Officials  
District Manager  
Dy. CEO and Account Officer  
Block Manager

Kendra Chalak

## 10.7 PAPERLESS GRAM PANCHAYAT PLAN:

As per Mumbai Gram Panchayat Act 1958 and Lekhasanhita 2011 - all the Gram Panchayats of Maharashtra were maintaining their records in physical form. Hon'ble Principal Secretary - Shri Aseem Gupta Sir (IAS) took the initiative of transforming the maintenance of Gram Panchayat records into digitized format. Accordingly, directions were issued to all the functionaries of Gram Panchayats to make the GPs paperless, that is to transform the present Gram Panchayats into Paperless Gram Panchayats. Thus, as per the guidelines issued by Rural Development Department, Government of Maharashtra, the process of transforming all the physical records of Gram Panchayats into digitized format by using e-Gramsoft application software was started. Maharashtra is the pioneering state which is progressing rapidly towards the creation of Paperless Grampanchayats.

Data Digitization of physical records of 1 to 33 registers / formats is in Progress. All other records of Gram Panchayats are being transformed into digitized format in offline e-Gramsoft application. Entire data saved in off-line application is being synchronized on ERP application by using Upload Station tool.

Once the digitization of physical records is completed, then Gram Panchayats are declared as Paperless Gram Panchayats. Subsequent to the transformation of these Gram Panchayats into Paperless Gram Panchayats, the old physical records are sealed in due course. This Paperless GP drive will help all GPs to save expenditure on stationary as well as space and time required for the storage of physical records. Data digitization and consolidation will also benefit all the stakeholders of PRI, who will be able to monitor transactions of the Gram Panchayats on a day-to-day basis.
